

In my heart the Fire's burning, 2019

You know it's deep inside my heart
I feel that it's the time to start
I think it's time to let it show
I think it's time to let you know

what I've been thinking of my friend
Is that I think you are from heaven send

And now it's time to let you know
That I don't want to let you go
I have tried so many times
But I don't think it is a crime

This time I want to hold you tight
And tell you what I really feel for you tonight
Let me start to show, and let me know

In my heart the fire's burning,
In all my dreams I have been yearning
For the moment to express the way I feel
Deep inside of my heart, it will be a start

I've been waiting for your answer
Cause I'm not a great romancer
Just a guy who needs some passion
Can't you feel all my attractions

This time I want to make it clear
That there's nothing left to fear for us tonight
Cause this time we'll make it right
Let it start to grow, and let me know

In my heart the fire's burning,
In all my dreams I have been yearning
For the moment to express the way I feel
Deep inside of my heart, it will be a start.
