

Blinded by the light – Skrevet i 1998

I come on running, in dreams I'll run straight into your heart
I hope that someday I will wake up with you by my side
Cause I was blinded by the light
Blinded by the moonshine in your eyes that night, all right.

How can I find back, how can I find my way back to you
Seems like yesterday, you looked into my eyes and swore this time you'd stay
And I was blinded by the light
Blinded by the moonshine in your eyes that night, all right.

In my dreams I am near
And I don't have to fear
That you will somehow disappear
No, in my dreams you're here
And I am blinded by the,
Blinded by the light in your eyes

I don't know where I am, can't find back to where I was before
Seems like all my dreams are telling me there must be more
Cause I was blinded by the light
Blinded by the moonshine in your eyes that night, all right.

I don't believe it; I don't believe a single word I hear
If all the signs should be leading me away from you
Cause I was blinded by the light
Blinded by the moonshine in your eyes that night, all right.
